**SCI Student selected as the University Developer Students Club Lead**

Thabitha Kavyu, a third year student at the School of Computing and Informatics, has been selected to be the Developer Students Club Lead of the University of Nairobi for the 2019 - 20 year. She will join an amazing community of student leads who will be representing hundreds of colleges and universities across the globe. In this responsibility Thabitha, who believes that technology can do extraordinary things for the world, will help UoN students grow as developers and empower them to impact their communities with technology. We wish Thabitha all the best as she grows to be a meaningful contributor in the greater developer ecosystem.
